

Ballot Drop Site Statistics:

The majority of our ballots are returned through drop box sites. Klamath County is setup to accommodate this. The Primary this year was less, but we also introduced pre-paid postage.

	Drop Box Site	Mail
Primary 2020	10,795	10,758
November 2018	18,015	11,029

Each drop site is strategically placed and has security measures in place to insure that the voters' vote is accounted for.

If you feel there is an issue with a drop box site; there will be emergency phone numbers to contact listed on the drop box.
